The Stone Cold Age

These Neanderthal siblings are back to their paleo pranks, and they have to put up with more than just each other—the cave is feeling awfully cramped since the humans moved in. Throughout the book, Jeffrey Brown skillfully blends humor and history with paleontologist sections: Timeline of Key Discoveries, Ice Age Fact vs. Fiction, Silly Cavemen Myths, and more.

Lucy and Andy Neanderthal:  
Bad to the bones

Lucy and Andy have some extra space in the cave now as the humans have moved out. But they do miss hanging with Sasha and Tommy. Luckily, their new friends live right around the ice block, close enough to form an explorers' club! These adventurers are on the hunt. Here comes their first big discovery – Dinosaur bones!

Jeffrey Brown blends facts with funny jokes in this graphic novel series, including theories about how Neanderthals went extinct; a timeline covering the history of Earth, dinosaurs, Neanderthals, and present day; museums, caves, and paleontologists of note; and Neanderthal Fact.

Book 1:  
The Art of Racing in the Rain by  
Garth Stein

This is a heart-breaking yet inspiring story of loyalty, love and hope in Denny's life, which is narrated by his dog, Enzo, in retrospect. Through the eyes of Enzo, we witness happiness and tragedy, setbacks and triumph, and birth and death of one's life.

The story begins with the very old Enzo reminiscing about the ups and downs in his life with Denny, a promising racecar driver. Soon after getting Enzo, Denny got married with Eve, giving birth to a child, Zoë. Denny became more engrossed with his racing career and his family life, leaving Enzo in constant loneliness. Being a self-proclaimed philosopher with a nearly human soul, Enzo occupied himself by spending an inordinate amount of time making doggish observations and educating himself through watching TV. As time passed by, Enzo started to adore his time with Zoë and Eve.

Yet, life is not always smooth sailing. With Eve being diagnosed with terminal illness, a succession of setbacks kicked in. Denny needed to fight over the custody of Zoë with Eve's parents. Denny even faced charges of sexual assault. Being a steadfast friend of Denny, how did Enzo support Denny throughout the setbacks? When the grim reaper came for Enzo, what did Denny do to share the last moment of Enzo's life?

Book 2:  
Sink or swim by Steve Watkins

Being inspired by the real-life experience of a 12-year-old Calvin Graham, Watkins wrote this engrossing and authentic war story. This novel depicts how a 12-year-old boy, Colton, took his elder brother's enlistment paper and identity as a navy soldier and fought in the Battle of Atlantic.

Being seriously injured in a boating tragedy, Danny, Colton's elder brother, could not serve the navy force. Taking Danny's identity, Colton joined the navy and survived through savage trials of boot camps. He was then assigned on a patrol craft, in which he could finally take up the chance and avenged his brother. Within one of the mission, his patrol craft was attacked with a torpedo, resulting in the deaths of half of the crew and Colton's leg injury. All was left was a life boat, which Colton and the surviving crew took and drifted along in the ocean in a goalless manner. Could they get rescued at the end? Would Colton's real identity be found out?
