1. School Information

1.1 School’s goals and missions

It has been consistently our strong belief that through the Christian value of love, through teachers exemplifying such values in words and in deed, and through close cooperation with parents, our students can be nurtured in the six domains, namely ethics, intellect, physique, social skills, aesthetics, and spiritual growth. It is hoped that with an all-round education, each Shatin Tsung-Tsiner will acquire the following traits and abilities with which they can develop themselves and contribute to society.

Traits: Self-disciplined, Thoughtful, Trustworthy, Self-motivated, Willing to Serve

Abilities: Communication Skills, Problem-solving Skills, Self-learning Skills
1.2 Progress report

The last academic year witnessed a time when I felt uneasy at heart and most grateful to God since my inception in the teaching profession — it was the time STTSS finally moved to the new campus. In early 2011 when all major structures on the campus site in the Festival City were ready, 3 quality inspections (each lasting 3 to 5 days) were conducted with great effort from our staff who toiled and sweated without complaining under the scorching sun and threat from mosquitoes. Nothing could have been more tedious than discussing and even disagreeing with various government departments, as well as dealing with the construction developer in a brisk manner, for the sole purpose of providing students with the safest and most ideal learning environment.

At the same time, under the leadership of Vice-Principal Ms. K.Y. Leung, the Farewell Campus Organizing Committee spearheaded a string of activities, including a campus photo competition, a school building art competition, a lyrics contest and the sales of farewell campus souvenirs, leading up to the 3 consecutive days of farewell events. Looking back, my mind was filled with scenes of thousands of alumni and their beloved crowding the old campus, busy taking last-minute photos, or having a class photo taken with old folks, purchasing souvenirs, and even participating in football and basketball matches, etc. That day, we bid farewell to the old campus without extravagant feasts. Instead, we administered a heart-warming farewell ceremony and rousing show featuring energetic songs and dances. It is believed that these precious memories and reunions among teachers, students and alumni will linger on in every single one of our minds.

In the midst of campus relocation, the Academic Affairs Committee under the leadership of our Vice-Principal Mr. W.T. Leung was actively involved in the tasks of mapping out teaching progress for various NSS subjects, conducting formative and summative evaluation, coordinating school-based assessment and preparing the first batch of NSS sixth-formers for university application.

Apart from these, we continued to spare no effort in working towards the goal of creating a population of Shatin Tsung-Tsiners who possess the qualities and talents expected of them. Effectiveness of our efforts was confirmed by various types of year-end evaluation conducted across departments and levels.

In developing students’ various abilities, teachers and students alike were also heartened by the noticeable improvement in students’ academic results, following years of our teaching staff members’ effort as regards the introduction of new curricula (e.g. Thinking Skills, Arts-in-Life, Technology), the enhancement of teaching pedagogies (e.g. lesson study, collaborative teaching, Mentorship Scheme for new teachers, etc.) and the provision of elite classes (e.g. English, Chinese, Mathematics, Science and Humanities courses for exceptionally gifted students) as well as remedial classes (e.g. the Nourishment Class, Junior Form Remedial Class, small-class teaching and the Learning Progress Follow-up Pilot Scheme).

On the other hand, we never ceased helping our students implement the ideals expected of a Shatin Tsung-Tsiner, as we were deeply convinced that only by loving oneself and others would human qualities be elevated. We expected that our Shatin Tsung-Tsiners could have their minds grounded in the spirit of Benevolence and have their life guided and shaped by the Christian values of Faith, Hope and Love. On top of a series of activities organized by various committees, teachers continued to impart their life experiences regarding how to develop and realize various life ideals through sharing in the morning assemblies. We also encouraged our students to take an active part in voluntary services to experience love delivered not just in words, but also in deed. For this just cause, we continued to provide S1 to S5 classes with a life education course, and a 2-day life education camp was held at the beginning of the school year to help S1 students learn how to brace for the life challenges lying ahead and thus bring out their full potential. The camp has proven to be effective with good acclaims.

Externally, the school was again commissioned by various departments of the EDB to conduct training at teaching and learning level, like Mentorship Scheme for new teachers. Over the last academic year, we applied successfully to the EDB for a grant of 1,000,000 dollars for the purpose of creating a better English-learning atmosphere and thereby raising students’ English proficiency. Simultaneously, a QEF grant of 115,000 dollars (under the QEF project titled “Streamlining School Administrative Work using New Technologies”) was secured to raise administrative efficiency.

Facing a new start, our school will continue with our good track record and tradition of grooming our students into useful social members and seek even further betterment in the areas covering lesson study, life education, character education and the nurturing of students’ integrity. As the verses in Psalm 127 go, “Unless the LORD builds the house, its builders labor in vain. Unless the LORD watches over the city, the watchmen stand guard in vain.” It is hoped that more blessing can be bestowed on STTSS in its effort to nurture talents under the constant protection and watch of our Heavenly Father.

4. Major Concerns And Support Measures

4.1 Management and organization

4.1.1 The major areas of concern

- Creating space for teachers confronted education reforms
- Planning for the relocation to the new school premises

4.1.2 Support measures for addressing those concerns

- Over the years, our teachers have been overburdened with teaching and administrative duties which denied them time for deeper thinking and personal growth. To redress such an imbalance, the school successfully recruited four administrative assistants who took up the tedious duties like collecting reply slips, serving as substitute teachers, being on-duty after school and handling other administrative work. Former graduates were also employed as the exam invigilators to free up precious teachers’ time. In addition, several assistant coaches for the dancing team, the music classes and other school sports teams were sought to provide subject teachers with additional assistance. To make sure there was reasonably adequate time for regular teachers to develop the NSS curricula, part-time teachers were recruited to take care of some elite and remedial classes and two additional teachers were added to the staff list to help share the teaching duties.

- Last year, there was a lot of deep discussion, wide consultation and close contact between the school’s working group (for the new premises) and the EDB, the MTR Corporation Limited and the property developer Cheung Kong (Holdings) Limited over the matters regarding the new school’s removal and the final handover inspection.

4.1.3 Other support measures

- The Incorporated Management Committee of our school was composed of twelve members (one parent, one Alumni Association representative member and one teacher representative) drawn from different professional sectors like education, social service, legal profession, commerce, medicine, evangelistic groups and so on. Their role was to offer appropriate and professional advice on important school matters.

- The School Advisory Council, formed by the Principal, the Vice-principals, seven committee heads and three elected representatives from the teacher community, conducted regular meetings as it saw fit to discuss matters related to the school policies.

- All twelve committees (e.g. the Academic Affairs Committee, the Student Support Committee, the Religious Affairs Committee, the Student Guidance Committee, etc.) implemented measures enabling students’ development in the domains of ethics, intellect, physique, social skills, aesthetics, and spiritual growth, with end-of-term evaluation of the effectiveness of those measures and submission of proposals for future development.

- Each department was headed and monitored by a subject panel head who, from time to time and through the panel meetings, sought to formulate teaching strategies, review curricula and adjust the scheme of work as needs arose. A year-end evaluation was conducted to assess effectiveness and a plan for the next academic year was submitted.

- Four General Staff Meetings were held to discuss school matters.

- Each department conducted its own homework inspection according to its own schedule.

- The Academic Affairs Committee conducted value-addedness analysis following each public examination.

- Copies of questionnaire for various stakeholders (the one provided by the Quality Assurance Division of EDB) were distributed and completed by teachers, parents and students at the end of the term to assess the current situation.

- Each year, parents and students can discuss school polices openly with the School Advisory Council members.

4.2 Professional development for the Principal and teachers

4.2.1 The major areas of concern

- Developing life education and advancing teachers’ professionalism
- Boosting team spirit

4.2.2 Support measures for addressing those concerns

- To enhance the teaching and learning effectiveness, we hosted a workshop on the use of eClass.
- A Joint School Staff Development Day and an outing were organized for teachers to strengthen team spirit through group activities.

4.2.3 Other activities

- The Principal over the last year completed 102 hours of professional development, and was frequently interviewed by the mass media and invited to be the guest speaker on the Staff Development Days at various tertiary institutions and fellow schools to share on our school’s success experience.

- Our teachers were enthusiastic about professional interflow with local and overseas counterparts in other schools. We received the representatives from the Ministry of Education of Singapore and the Guangdong Province Education Delegation, as well as the visiting principals from Qinghai and engaged ourselves in academic interflow covering the themes such as Hong Kong’s education system and STISS’s development in teaching and learning. An exchange of ideas on the teaching of Humanities subjects was also invited by King Ling College.

- Our teachers actively enrolled themselves in various kinds of professional development courses or programs and achieved an average of 45 hours of training in various fields.

- The school also organized a workshop on ‘Legal Traps on Campus’ to widen teachers’ knowledge in this regard.

4.3 Teaching and learning

4.3.1 The major areas of concern

- Honing students’ problem-solving and self learning skills
- Raising students’ communication skills

4.3.2 Support measures for addressing those concerns

- To hone students’ problem-solving and self-learning skills, subject teachers had been trying to give due emphasis on the development of critical thinking skills in curriculum content, teaching pedagogies, homework and assessments. Liberal Studies was made a subject in its own right for S1-S3 to provide students with systematic and explicit teaching of problem-solving, critical thinking and self-learning skills and the opportunities to apply those skills in real sense. Apart from these, different departments were trying to get aligned with the Liberal Studies subject with a view to incorporating thinking skills into students’ learning. These aside, debating courses were launched by both the Chinese and the English Department to provide students with a practice platform for those skills. To move towards self-learning, which required every junior form student to summarize key learning points and identify areas requiring elaboration after the lesson, was practised in subjects like Arts-in-Life and Liberal Studies. Besides, we had in place a widely-acclaimed practice of “Pre-Lesson Preparation” which required teachers to assign preparatory work to students in advance of the next lesson so as to enhance learning effectiveness. Lastly, all junior form students were required to complete a total of six project-based assignments within a period of three years in Integrated Science, Technology, Arts-in-Life, Liberal Studies so that enough training opportunities for the target skills could be secured.

- In a bid to improve students’ communication skills, Afternoon Reading Scheme (a 20-minute period administered immediately after lunch hours) and the Junior Form Reading Award Scheme were implemented to help students form a regular habit of reading. The schemes proved to be very effective. Apart from this, through the Extensive Reading Scheme (for Chinese and English), book fairs and the organization of the Writers’ Seminar, students’ interest in reading was reinforced and their ability to read enhanced. The Chinese Department went further to hold Creative Writing Classes (Fiction and Prose Writing) and organize students’ writing groups so as to promote students’ writing competence. The use
of Putonghua as the medium of instruction in the Chinese lessons in some classes of junior forms provide students with unquestioned benefits. To advance students’ English proficiency, the English Week, movie appreciation, games and conversation booths, song dedication and writing letters to the editor were arranged to provide students with even more opportunities to improve their listening, speaking and writing abilities. Adding also the enhanced English ethos, senior form students take the initiative to share their life experiences in English in the morning assemblies and this was very well received. At the same time, various S1 bridging and all-level enhancement courses were also offered to create better English ethos and thus uplift students’ English competencies. Apart from these, drama elements were incorporated into the Arts-in-Life and the English curriculum for junior forms to hone students’ communication skills, while the curricula for Liberal Studies, Arts-in-Life and Technology were adjusted to drill on students’ presentation skills through project-based learning. Teachers in Liberal Studies and the Chinese Language have compiled teaching notes on presentation skills and group discussion for long-term reference, too. Furthermore, senior form students are provided with a series of training on meeting and interviewing skills through the joint effort of the Students’ Union and the Career Guidance Committee. As regards the extra-curricular activities, our Chinese and English teachers put forth great effort in training students for the HK Schools Speech Festival to raise students’ expressive power and the results were encouraging. For details about inter-school competitions, please refer to Section 5.

4.3.3 Curricula
- At junior levels, there were curricula in the languages subjects (Chinese, English and PTH), Mathematics and Science subjects, Humanities, Arts-in-Life, Life Education, P.E. and Christian Education. For senior curricula, other than Chinese, English, Mathematics and Liberal Studies, our school provides a variety of elective subjects to suit students’ interests and abilities to develop their talents to the fullest extent.
- To develop students’ potentials, Mathematics Enhancement Classes, Mathematical Olympiad Classes, Science Elite Classes and the Chinese and English Debating Classes were launched and offered to exceptionally gifted students. Externally, 5 shortlisted students participated in the Support Measures for the Exceptionally Gifted Students offered by the Hong Kong Academy for Gifted Education this year, 30 joined the e-learning courses (Mathematics, Earth Science and Astronomy) offered by the EDB, and another 200 students participated in the Science Enrichment Programme for Science Enrichment Programme for the Science University of Hong Kong. Apart from these, the school encouraged our gifted students to participate in the International Olympiads and Assessments for Schools, Australian Mathematics Competition for the Westpac Awards, Olympiads in Robotics, Informatics, Physics, Chemistry and Mathematics, etc. (refer to Section 5 for details about their performance). A figure little short of 800 headcounts were registered across all courses as such with pleasing results.
- To cater for learners’ differences and to provide timely help for students with various learning needs, small class teaching was implemented in junior forms and, additional remedial classes, namely the Nourishment Class and the Junior Form Remedial Class, were put in place in the middle of the school year.
- To enhance teaching efficiency, the practice of collaborative teaching continued on the basis of the blueprint developed by the Chinese Department, covering the formulation of the course boundaries, division of labor in lesson preparation, collective discussion, lesson plan revision, mutual class observation and reflection in the teaching process. Over the last year, cross-curricular class observation was entertained to provide students with a broad view of the teaching and learning process. The practice of collaborative teaching entered its seventh year of implementation and all departments were able to achieve the goals set out at the beginning.
- To supervise and assess students’ learning, the school adopted various approaches like conducting surveys and interviews to get a better understanding of students’ learning progress on top of the regular reviews and evaluations conducted at departmental meetings.
- To make sure students could lead a balanced lifestyle, students at junior levels were not supposed to spend over two hours on their homework.
- To broaden students’ artistic perspectives, all juniors had to attend at least one concert or visit at least one arts exhibition. On top of that, they had to take part in one external competition or performance. Meanwhile, each junior had to take up one musical instrument and one sport / art throughout the three years.
- All students had to take part in the EDB-initiated School Physical Fitness Award Scheme and the Long-distance Testing Training.

4.4 Student support
4.4.1 The major area of concern
- Nurturing the traits expected of a Shatin Tsung-Tsiner

4.4.2 Support measures for addressing the concern
- To move towards the goal of nurturing among students traits a Shatin Tsung-Tsiner should possess, we put in place the Life Education Course, which was aligned with the Christian Education and designed to boost students’ development in the four domains, namely ‘Personal and Healthy Life’, ‘Social Life’, ‘Career Planning’, and ‘Civic Duty/ National Identity.’ In designing the curriculum, form teachers were consulted over the lesson plans so that the curriculum was a product of collective wisdom. The curriculum has been implemented for five years and proved to be effective.
- We held an S1 Life Education Camp on the theme of ‘I proceed, I overcome, I discover’ with overwhelming responses from the student participants who were encouraged to embrace challenges, make a breakthrough and exert one’s potential to the full. Also benefiting from the camp were those S6 student leaders (serving as group leaders) who expressed that they had not merely learned how to take care of their fellow juniors, but also had realized the importance of teaching others by example, had felt the reciprocal love and care from their junior counterparts, had experienced the difficulty in leading activities, etc. The two-day camp witnessed a full display of a Shatin Tsung-Tsiner’s traits by those S6 seniors.
- For the first time ever, arrangement was made for 70 student leaders to enroll themselves in 4 workshops spanning over 2 days and a 2-day night camp organized by Hong Kong Tsung Tsin Mission Shatin Integrated Services Centre. Student leaders received training in honing their activity-coordinating and leading skills, building up team spirit and understanding the qualities and roles that a leader should possess.

4.4.3 Other activities
- A seminar on ‘Effective Planning for Your Matriculation Life” was run in conjunction with the Career Guidance Committee to guide S6 students in their endeavors to plan their matriculation life and to brace for the accompanying challenges, as well as to get across to them the school’s expectations. The seminar was well received.
- All students filled out a questionnaire on the goals intended for them by the Student Support Committee. The survey findings, when compared with the similar statistics administered over the last three years, showed generally positive responses. This bears a strong testimony to the effectiveness of the support measures concerned.
- 29 students initiated two issues of a magazine with a full and pleasing display of what STTSS stands for.

4.5 Student guidance and discipline
4.5.1 The major area of concern
- Nurturing the traits expected of a Shatin Tsung-Tsiner

4.5.2 Support measures for addressing the concern
- To create a student population manifesting the Shatin Tsung-Tsiners’ qualities of being trustworthy and willing to serve, we welcomed the EDB-initiated Integrated Education Scheme so that our students could have the opportunities to learn how to accept others’ deficiencies that arose for no fault of their own. Students were encouraged to commit themselves to serving others by actively engaging themselves in activities like flag selling, charity sales, S3 Community Service Scheme (for children and the weaker social groups), fund-raising activities for the reconstruction work entailed by the Japan’s earthquake, etc. The school has also recently received the Gold Award for Volunteer Service 2010 from the Social Welfare Department under the Volunteer Movement, with 2 students obtaining the Gold Award, 4 the Silver Award and 8 the Bronze Award for Individual Volunteer Service. A total of 458 students took part in community services, accounting for 44% of the entire school population.

These aside, in response to Voluntary Optimization of Class Structure initiated by the EDB, a briefing session was run by the PTA to deepen parents’ understanding of the school’s development needs and plan together with parents the best way forward through collection of their opinions over issues as such.

- To strengthen connection with alumni, the PTA arranged two reunion days and meal gatherings for the school’s convocation, organized a dinner get-together themed ‘We are meant to meet at CU’ on New Year’s Day, and ran various classes for making festive food items at the Mid-Autumn, Christmas and the Chinese New Year. Note: APASO-2 has been employed for data handling since 2011 with the result for seniors and juniors being displayed separately.

Comments
- Overall speaking, our junior form students showed a slightly lower rating than the average Hong Kong students on the criterion Teacher Student Relationship. There was no obvious difference in the rating on this criteria from the Hong Kong average among our senior form students.
- Our students demonstrated a slightly higher level of negative emotion when compared with the average Hong Kong students, but the rating was significantly lower than that recorded last year.
- On all other criteria, the ratings followed the Hong Kong averages closely.

1.2 學校近況

過往一年，可以說是本人自投身教育界以來，心情最忐忑、最感受神恩典
的一年—沙崇終於「搬家」了。從今年的年初，新校舍的主體已全部完
成，在同工的同心協力下，我們先後三次(每次三至五日)到新校舍進行驗收
工程。在悶熱，蚊多的情況下，即使同工汗流浹背地工作，卻毫無怨言。然最勞
心的卻是與不同政府部門的討論、議論甚至爭論;對承辦商則要軟硬兼施，剛
柔並濟，務求為同學提供安全、最理想的學習環境。

同一時間，在梁潔妍副校長的領導下，告別校園籌委會密鑼緊鼓地策劃一
連串的活動，包括校園攝影比賽、校舍素描及繪畫比賽、填詞比賽，告別校
園紀念品及壓軸的一連三天的告別校園慶典活動。回想七月九日，數以千計的校
友及其摯愛，把校園擠得水洩不通，有的忙於拍照、拍分級相片、買紀念品，
有的則參與籃球及足球比賽等。當日，沙崇並沒有安排豪華夜宴，但卻安排溫
馨感人的告別校園儀式及狂歌勁舞的校友晚會。這一幕幕的師生聚舊、校友重
聚將成為各出席者的永久寶貴回憶。

遷校的同時，學務委員會在梁榮德副校長帶領下，積極的為新校舍的同學去
籌劃，重點項目包括: 規劃各科的教學進展、進展性及總結性評估及校本評
核的協調及為來年中六同學預備申報大學。

除此之外，我們仍為培育「沙崇人」特質與才華的目標而不斷努力，年終
時更透過各類的評估以了解工作的成果。

就沙崇人才能培育方面，經老師多年的努力──引入新課程(思考方法科、
生活藝術科、科技科等)、提升教學技巧(課堂學習研究、協作教學、教學啟導
計劃等)及推動拔尖(中、英、數、科學科及人文學科資優課程)補底(因培培
班、功課輔導班、小班教學及學生學業跟進先導計劃等)課程，令學生的成績有
所提升，師生深受鼓舞。

另一方面，我們仍繼續關注沙崇人特質的實踐，我們深信，唯有愛的實
踐，才能提升人的素質。我們盼望沙崇人能以仁愛為念，以基督的信、望、愛
為座右銘。除一系列由各委員會策劃的活動外，各老師更善用每天的早會，與
沙崇人分享個人成長歷程及如何培育、實踐不同的生命素質。同時，我們積極
鼓勵同學服務社群，以體驗愛的真義。過去一年，我們全面為中一至中五學生
開設生命教育課，並籌備編寫中六級生命教育課程。我們又於學期初為中一級
的學生安排了兩日一夜的生命教育營，教導學生要勇於面對人生的挑戰，發掘
一己的潛能，效果良好。

校外聯繫方面，我校獲教育局不同部門邀請擔任培訓工作，其中包括教與
學方面的「教學啟導計劃」。同時，我校亦向教育局成功申請約一百萬元，用
作塑造良好英語環境以提升學生的英語能力。同時，我校亦成功向優質教育基
金申請拾一萬伍千元〈運用新科技處理學校行政工作〉的計劃以提升行政效率。

面對新的一年，本校將會秉承過往優良傳
統，在教學研討、生命教育、品德陶鑄各方面
精益求精，以作育英才。就如詩篇一九七篇
說：「若不是耶和華建造房屋，建造的人就枉
努力，若不是耶和華看守城池，看守的人就
枉然儆醒」。盼望在天父的保守與看護下，沙
崇在樹人的崗位上蒙神更大的祝福。

4. 學校各部門關注事項及主要措施

4.1 管理與策劃

4.1.1 關注事項

• 為老師創造空間以回應教育改革
• 為遷校工作作準備

4.1.2 為配合關注事項而推行的活動 / 計劃

近年老師工作日益沉重，思考及發展空間不足。為改善這情況，本校繼續於過往一年，聘請四位教育行政助理負責收回條、代課及課後當值等行政工作，並邀請畢業同學負責監考，又聘請舞蹈、音樂、球類助教等以分擔老師的工作。此外，本校又聘請兼職老師進行校舍維修及保潔工作，並額外聘請兩位老師以分擔同工的教學工作，讓本校同工有空間準備新高中課程。

在過去一年，本校遷校工作小組與教育局、港鐵及發展商長江實業有緊密而深入的接觸及討論，就遷校及驗收學校作最後的檢討。

4.1.3 其他措施

• 本校之法團校董會，成員共十二名(其中三人分別為家長、校友及老師代表)，他們均為專業人士，分別來自教育、社會服務、法律、商業、醫療及宗教等不同界別，為校董會提供適切而專業的意見。
• 校政諮議會由正、副校長、七名主任及三名民選代表組成，按時討論校政。
• 各委員會(如學務、學生培育、宗教、輔導等共十二個)落實執行德、智、體、群、美、靈六育的發展，各會在年終進行檢討，評估成效並提交來年的計劃書。
• 各學科科務由科主任監察，並透過科務會議制訂教學策略，因應需要修訂課程及教學進度。同時，在年終進行檢討，評估成效並提交來年的計劃書。
• 每年舉行四次全體教職員會議，商討校務。
• 各科每年均進行課業審視。
• 學務委員會就學科於公開試表現進行增值研究。

4.3 教學與學習

4.3.1 關注事項

• 提高學生解難及自學能力
• 提高學生溝通能力

4.3.2 為配合關注事項而推行的活動 / 計劃

為訓練學生解難及自學能力，各科在課程內容、教學方法、課業和考核方面均強調思考能力的培養。本校更於初中開設通識教育科，讓學生學習及實踐解難及批判思維及自學能力。此外，各科與通識教育科配合，將學生掌握的思考技能，融入各科的學習中，中、英文科更推動辯論課程，讓學生實踐解難及批判思維。自主學習方面，生活藝術及通識教育科繼續在初中要求學生於課後自行整理及複習課堂中的學習，查找學習重點及不明白的地方。而深受師生好評的「學生備課學習」，則是老師於教授課題前，讓學生預先備課、備好資料，從而提高學習效果。最後，本校的綜合科學、科技、生活藝術及通識教育科會組織學生於初中年完成六個專題研習，以培訓學生自主學習及實踐解難能力。

為提高學生溝通能力，本校特設「午間閱讀計劃」(於午膳後設二十分鐘的師生閱讀時間)，以培養學生的閱讀習慣，成效顯著。本校透過「中英文科廣泛閱讀計劃」，多次的書展及舉辦「作家講座」以深化及提升學生的閱讀興趣及能力。中英文科更舉辦創意作文比賽(小說及散文作文)及組辦「校園小作家」，鼓勵學生多寫作，提升學生的寫作能力。在初中部分班別推行普通話教中文，這對學生聽讀普通話大有幫助。英文科則舉辦英語週，電影欣賞、擺攤遊戲、點唱及投稿報章，提升學生的英語能力。在過去一年，高年級學生主動要求在早會中以英語分享其成長經歷，同學表現深受好評。同時，本校安排中一後英語課外課程及各級英語增益課程，以提升學生的英語能力及塑造良好的英語環境。此外，本校的英文科及生活藝術科分別於初中課程引入戲劇教育，以培育學生之溝通能力；而通識教育、生活藝術科及科技科則透過專題研習訓練學生之演講能力。

擬的目標，效果良好。

為監察和評估學生學習，各科除在科務會議作定期檢討外，校方亦採用問

卷、面談等方法，了解學生的學習情況。
