#### SCHOOL MISSION

Each Shatin Tsung-Tsiner can acquire the five personality traits, namely being self-disciplined, thoughtful, trustworthy, self-motivated, and willing to serve, thus growing into a youngster with self-care, love for others as well as God and becoming a leader in step with the times by being innovative, having global perspectives and being willing to commit in this knowledge-based society

## **SCHOOL MOTTO**

"And now these three remain: faith, hope and love. But the greatest of these is love."

(1 Corinthians 13:13).

#### **SCHOOL AIMS**

After a lot of deliberation and consultation, the School Advisory Council has established the school development direction for the academic years 2025-2028

During 2025/26 to 2027/28, our school aims are:

- 1. To promote cross-curricular learning using e-learning strategies
- 2. To reinforce the traits of Shatin Tsung-Tsiners and to promote the priority values and attitudes recommended by the EDB
- 3. To promote service learning and service activities

To achieve the goals, all departments and committees will enact a 3-year plan through consultation and cooperation. The plan will also be subject to annual review so as to maximize the benefits accrued to the students.
